## MERCURY WILL NOT REACH ZERO WEATHER

Declines To 25 Degrees Above  
Thursday Night And Not Much  
Colder Weather Is in Prospect

## SEVERE COLD WAVE A MYTH

The coldest reached Thursday night by the mercury, according to Elwood Kirkwood, of Mauney, was 25 degrees above, and the extreme cold wave that was predicted failed to arrive.

The rain turned into snow during the night, when it became colder, and prospects tonight were for continued snow flurries, according to the weather report, and Saturday would probably be fair.

Indianapolis, Ind., Jan. 11—Reports of a record breaking cold wave with the mercury dropping to 25 below zero are the bunk, J. H. Arrington of the weather bureau, declared emphatically today.

The bureau was swamped with calls today from citizens who wanted to verify a rumor that the coldest wave in half a century would hit Indiana today.

Arrington said the minimum temperature tonight would be about 20 degrees above zero.

## INNOCENCE ABROAD

## White Crow Captured Near New Salem Is Placed in Zoo

The white crow that was captured by Chester Williams of New Salem the latter part of December has been sent to the Cincinnati Zoological Gardens and will be placed on exhibition there. A copy of an article appearing in the Daily Republican December 26 was also sent to the Zoo for the information of the officials. Mr. Williams received \$4 for it.

It is expected that the Zoo will issue some sort of a pamphlet on the rare specimen and one of them will be filed in the New Salem school to show that the bird was caught near New Salem.

The white crow was first seen by a number of men, with a flock of crows, about three weeks before it was brought down by Mr. Williams, when he shot it on the wing. A woman has been found who asserts that she saw it the early part of last summer.

The bird has a steel gray breast and white tail and wing feathers. Under the folds of its wings, the crow is light tan, and the sun's rays made it look golden in color when it flew.

## BACK TO A COLDER CLIMATE

Franklin Girl And Newcastle Man  
Returned From Florida

Franklin, Ind., Jan. 11—Loren Sweigart of Newcastle and Marjory Lane of Franklin, to whom Sweigart is alleged to have illegally married and then ran away with her, returned here from Florida today.

A crowd met the couple at the station. The couple were laughing and apparently unconcerned. Miss Lane went to the home of her father and Sweigart was placed in jail on a charge of vehicle taking.

Sweigart is said to have deserted his wife and child in Indianapolis before the escapade with Miss Lane.

The couple went to Florida in an automobile belonging to the girl's father. They were brought back by a deputy sheriff of Johnson county and a state policeman.

## DISPUTES CLAIM MADE IN LAW SUIT

George Bell, President of County  
Board of Commissioners, Discusses  
Carthage Bridge Case

## CITES RECORD OF AUGUST 6

Shows Orders Called For County  
Surveyor To Draw Plans, Which  
Was Never Done

George Bell, president of the Rush county board of commissioners, declared today that he desired to take issue with the American Paper Products company of Carthage, regarding a statement made in the complaint filed against the commissioners, Thursday afternoon, to the effect that the "commissioners told them (the company) to construct the bridge and file their bill."

"We don't do business that way," commented Mr. Bell today, "and we have the records to prove that we don't."

The Carthage concern filed suit for \$2,000 on account, after the commissioners, at their monthly session last Monday, disallowed a claim of \$1,850.15 because the paper products company, in building the bridge over a mill race, near Carthage, failed to follow plans and specifications drawn up by the county engineer, as the commissioners instructed them to do.

The record at the county auditor's office was cited to support the contention of the commissioners that the Carthage company was wrong.

The board issued an order Monday, August 6, 1923, which, after setting forth the need of a bridge, as represented by the Carthage Paper Products company, said:

"The board now orders the county surveyor to prepare plans and specifications of a new bridge in conference with the American Paper Products company, and said American Paper Products company are hereby ordered to proceed to erect of new bridge across said race at said point in compliance with agreement heretofore entered into between said board and the predecessor of said company in accordance with plans and specifications mutually agreed upon."

The county surveyor never was consulted for plans and specifications and never knew that the bridge was being built until it was completed, it was stated at the county auditor's office today.

## Trap Being Used to Rid The Court House of Pigeons

The county board of commissioners is out to rid the court house of pigeons, the arch enemy of the county taxpayer, which has caused thousands of dollars loss in the past few years.

For many years the pigeons have made the court house tower and the eaves around the lower roof, a nesting place. They multiply so rapidly that they have become a nuisance, and a recent investigation disclosed that they were partly responsible for leaks in the roof, which caused great damage to interior decorations on the third floor, an improvement that was made a few years ago at great cost.

The device that the commissioners are using is a pigeon trap. The trap to date has yielded about 25 pigeons. Seven were captured this morning.

When the trap was first placed in the roof of the court house, George Bell, president of the county board of commissioners, told a Republican reporter to keep the secret "until we see if it works."

There's no doubt but that it's working. The strange thing is that the pigeons haven't "caught on" yet, but go right on getting caught.

## LITTLE BUSINESS IN COURT

## DECLINE TO SAY WHAT THE GOVERNOR WILL DO

Attorneys For McCray Refuse to  
Comment on His Probable Action  
When Arraigned Saturday

## FOUR COURSES OPEN TO THEM

Indianapolis, Ind., Jan. 11—Attorneys for Governor McCray today declined to say what action they will take when the governor arraigned in criminal court tomorrow on charges of embezzlement, larceny, issuing fraudulent checks and other offenses.

John Ruckleshaus, one of the governor's attorneys, said a meeting of the council would be held this afternoon for further discussions of steps to be taken. Fifteen indictments are pending against the governor.

It is possible the attorneys will ask that the indictment be quashed that they will ask for a change of venue or a change of judge or they may merely enter a plea of not guilty for their client and prepare to proceed to trial.

The governor will be represented by James W. Noel, Martin Hugg and the firm of Ryan, Ruckleshaus and Ryan.

The state will be represented by Clarence W. Nichols and Eph Imman Nichols as special prosecutor conducted the grand jury investigation, which led to the indictment of McCray.

## FIRST TEST IS A COOLIDGE VICTORY

Interpretation Put Today On Action  
of House Republican Caucus in  
Shunting Bonus

## TAX CUT GIVEN RIGHT OF WAY

Ways And Means Committee Is In-  
structed To Bring In Report On  
Mellon Plan First

BY FRAZER EDWARDS  
(U. P. Staff Correspondent)

Washington, Jan. 11—President Coolidge's first test with congress on a matter of policy resulted in a complete victory for him.

This was the interpretation put today on the action of the house Republican caucus which last night by an almost unanimous vote, gave tax reduction the right of way over the soldier bonus.

The caucus ordered the ways and means committee to report the Mellon tax reduction program to the house by February 1 and after that to take up the bonus bill.

Efforts of bonus advocates to win a more definite assurance when the measure would be reported were rebuffed by the administration forces in the caucus. The nearest bonus advocates came to victory on anything was when the caucus, by a bare three votes, 97 to 94, refused to put house Republicans on record as promising both bonus and tax legislation at this session.

There is now less assurance among bonus supporters that the soldier bonus measure can be passed over the president's veto. A week ago it seemed certain the bonus would sweep all before it and might even displace temporarily the tax program. But administration leaders from President Coolidge down, urged so strongly and the pressure from "back home" is so tremendous for ax reduction, that there was never any question at last night's caucus but that President Coolidge's demand that taxes come first would be satisfied.

## STOLEN FORD COUPE FOUND IN SHELBYVILLE

Automobile Belonging To A. L. Ste-  
wart Taken From in Front Of  
Daily Republican Building

## OWNER COES AFTER IT TODAY

Ford coupe belonging to A. L. Stewart, 131 North Main street, was stolen Thursday night from in front of the Daily Republican office in Perkins street, and was recovered this afternoon by the police at Shelbyville, where it had been driven, and abandoned.

The machine was purchased last April by Mr. Stewart and was in first class condition. Mr. Stewart left this afternoon for Shelbyville, and it was not known whether the car was damaged any, or not. The car was left after supper last night, and when Mr. Stewart returned for it at 11:30 last night, it was not in the parking place where he had left it.

Surrounding cities were notified to watch for the car, and the police officers at Shelbyville discovered it this afternoon, when they noticed the strange car being parked for such a long time, and they identified the car by the certificate of title.

Why not buy a Ford Closed Car and save doctor bills, or if you have a closed car, buy a Ford and save the other car from the winter and bad road abuse, thus saving the price of the Ford.

## FORDSONS

Sometime you intend to buy a Tractor, why put it off until another year, when efficiency of labor and economical production are the two hardest problems the farmer has to face. A Fordson will greatly assist in both by doing away with the hired help and reducing the number of horses required, and speeding up the work.

## LINCOLNS

If you are considering a fine car now or in the spring you will do yourself an injustice if you do not see and ride in the finest and most perfect car manufactured on the American market today, both in finish and mechanical construction. To see it is to admire it and to ride in it you will marvel at its ease of riding, smoothness of running, flexibility, power and speed, will be worth your effort and time well spent to see.

**The Weather**  
 Nothing is more cussed and dis-

 It requires a sudden change in  
 temperature, like the recent cold  
 wave that swept over the entire coun-

 importance in the daily life of every  
 individual.

To quote from the poet—  
 "For whether it blow or whether it  
 snow,  
 We must have weather, whether or  
 no."

It's a time honored jest that when  
 all other subjects of conversation  
 fail, we may turn to the weather.  
 Whether hot or cold, it assumes first  
 place in more conversations than any  
 other one subject.

We may be interested in our every-  
 day tasks, the latest movie, tax re-  
 duction, politics or whatnot, but let  
 an overnight change in the weather  
 come, we rush to the thermometer to  
 see what the mercury shows.

 843 North Delaware Street, Indianapolis, Indiana.

extremes of hot or cold is the thing  
 that really counts, but the human  
 being is only vaguely aware of that  
 fact, because he believes that his  
 comfort depends largely upon what  
 the thermometer shows.

This age-old superstition is no  
 more the evidence of the frailty of  
 human nature than the one that the  
 seasons are changing.

How often have we heard that?  
 Some unknown scientist, evidently  
 looking for publicity, averred that by  
 reason of the Japanese earthquake,  
 the earth's position with relation to  
 the sun had been changed so that the  
 United States was 500 miles nearer  
 the sun.

His theory held out until a kind  
 providence in the form of a cold wave  
 pushed it into an untimely grave.

Every few years the fishing worms  
 take a winter outing above the ground  
 and the fruit trees obligingly bloom  
 for Christmas, but consult the  
 weather records any place and it will  
 be found that temperatures average  
 up about the same, in cycles of years.

The weather is not such a fickle old  
 fool as most of us imagine.

**Tax Exemption Farce**  
 Will Congress adopt Secretary  
 Mellon's program for tax reduction  
 which includes a reduction in income  
 tax and the doing away with future  
 issues of tax-exempt bonds?

The President and the people are  
 in favor of tax reduction. The poli-  
 ticians, through their blocs and parties  
 in Congress, are pulling and  
 hauling to try to gain personal pres-  
 tige through delays and log rolling in  
 the tax reduction program.

A constitutional amendment to do  
 away with tax-exempt securities  
 passed the House of Representatives  
 last winter but died at expiration of  
 Congress. It is now necessary to pass  
 it again. This takes valuable time  
 and shows waste and expense result-  
 ing where public officials play poli-  
 tics instead of expediting the busi-  
 ness of the nation.

At the present time it is estimated  
 that the income from approximately  
 \$30,000,000,000 in capital invested  
 in government tax-exempt securities,  
 escapes all forms of taxation. The  
 fact that cities, counties, states and  
 nation can issue tax-exempt bonds  
 drawing a low rate of interest has  
 caused a reckless increase in public  
 debt and has furnished the loop-  
 hole for billions of dollars to escape  
 taxation.

After an amendment to the United  
 States constitution is passed permit-  
 ting the taxation of income from fu-  
 ture issues of public bonds, it will  
 be necessary for legislatures of the  
 various states to ratify the measure.  
 For this reason, quick action in  
 Congress is essential in order that  
 state legislatures which are in ses-  
 sion or which will be in session in  
 the near future may be able to act  
 on the measure and put an end to the  
 present obsolete system which is an  
 invitation for the reckless piling up  
 of debt on one hand and lawful tax  
 dodging on the other hand.

It would seem as if Republicans,  
 Democrats and Progressives would  
 be on common ground when it comes  
 to a measure of this kind which  
 would assure in the future that every  
 person would pay his share of in-  
 come tax. Is it not possible for Con-  
 gress to eat out politics and get  
 down to business on this measure?

LIBERTY COMES FOR  
BATTLE HERE TONIGHT

Liberty tonight. Regardless of what Shootin' 'em says in the News that we're too late to knock 'em cold, let's show the weather man, that the Lions can fight in any kind of weather.

The Liberty seconds will also "holer" emf with the Rushville seconds in the curtain raiser tonight.

## FREE PUBLICITY

The Saturday Evening Post, out today, is selling rapidly in Rushville. The local high school basketball team has a prominent part, and the captain's picture is printed in the center of the page. Its there, look on page 9.

Milroy and Carthage will renew their rivalry tonight. Carthage won from them on Milroy's floor by one point, but you can't always tell what's goin' to happen these days, and especially now that Milroy has their regular line-up for the rest of the season.

Anderson plays the Ikkniks at Connersville tonight. The Connersville team wants to make it a homecoming celebration for George Williams, who used to play with 'em, and who is still a star on Coach Staggs' team. We're pickin' Connersville to get knocked off 41 to 25.

A good place to go Saturday night will be to turn out and root for Webb. They play Fountain City here, and from all indications, the Wayne county team has a good line-up, but we believe that Osborne, et al., will turn the trick for the Rushville team.

## EVERYTHING ELSE BUT

Connersville says there are three games they want to win. Rushville, Richmond and Rushville again. There are two of 'em we sorta feel they won't, and on the third with Richmond, we also believe that they will be disappointed.

We haven't heard from Raleigh for such a long time, that we begin to believe that they have something up their sleeve. Three weeks without a game, will tell what they can do with Moscow tonight.

We sure are busy working on the county stable, making room for all twelve teams when they get together here February 1 and 2.

## MORE COMPANY TOO!

"Thru the Hoop" of Shelbyville has published the record of the Moscow team, and adds a comment: "With a record like that Moscow is gettin' in a class with Hittin' 'em Roarin' Lions." By the time that Franklin gets through with Shelbyville tonight, perhaps the Camels will fall in the same company with the Lions and the Cows.

In our comment the other night, wondering how an Ikknik will taste, Markin' 'em up at Newcastle enlightens us with this:

We can't tell you just yet, Rushville, but after January 19 we can tell you just how delicious the Ikknik meat is. From all appearances the meat should be nice and tender, for in fact most bird meat is unless the bird is quite old.

Leave enough of 'em for the Lions to have a taste, Newcastle. A big juicy drum stick will do.

## WORD FROM RICHMOND

The following from Hoosier Courtship's column in the Richmond Palladium, shows that one Richmond fan looks upon the Lions as fast company. Here is what he says:

Friend Hoosier: Here's the best Big Ten from my point of view. At present time I put Bedford first because they are playing a very hard schedule. 1 Bedford; 2 Franklin; 3 Anderson; 4 Shelbyville; 5 Muncie; 6 Martinsville; 7 Richmond; 8 Vin-

ennes; 9 Franklin; 10 Crawfordsville.

Why not give Rushville a little credit in your column. I hardly ever see their name mentioned, while they are playing first-class basketball. You know, they beat Columbus 10 points Saturday night, while Shelbyville only beat Columbus one point Friday night. Rushville gives Morton plenty of credit, so why not hand it to them a little bit? See you later.

C. R. D. (Richmond)

## HOOSIERS ANSWERS—

"We tend to shift about on our comment from time to time. Variety is the spice of life, you know. We did carry considerable on Rushville several games ago, but our attention was called to the stellar performances of other schools. No doubt we will have plenty to talk about after Richmond plays Rushville Feb. 15. The game is on Rushville's small floor. Expect what you will. Call again, C. R. D."

## WHOEVER PETE IS, HE HAS THE RIGHT DOPE

Says the Frankfort Times: Upsets of last week's basketball were the defeats of Crawfordsville by Bainbridge and Columbus by Rushville. Rushville handed Columbus a 33 to 22 setback on Saturday night and on the same night Bainbridge handed Crawfordsville a 27 to 23 defeat. Proving Pete Good's assertion that "the bigger they are, the harder they fall."

## LOOK OUT EVERYBODY

Georgie, down at Vincennes, in heavy bold face type, hollers out this:

Rushville is sure proud of its defeat of Columbus and its columnists are bubbling over just like Rushville never won another game before.

And Hittin' 'em only adds that if Vincennes beats Bedford tonight, all of the coal mines in that section of the state will blow up, to help Georgie tell the wide world about the victory.

## WHO ASKED FOR A YELL?

Hee Ha Rush—ville  
Wee Small Rush—ville  
Come on let's get their goat  
Be Strong—Connersville  
Go On—Connersville.  
And let them smell your smoke.  
I. B. H.—Side Lights, Connersville

## ODE TO AN IKKNIK

See-saw, C—ville  
Heap much, R—ville  
Bite 'em on the leg,  
Punch 'em on the back,  
Lions can't be beat!  
Catch 'em on the wings  
Pull their feathers out,  
Gosh, what an Ikknik,  
Soon without a hop.

Markin' 'em up at Newcastle also noticed a comment in Side Lights last Saturday, and came out with this:

We wonder what this guy at Connersville thinks of those Graham Crackers now after winning from Columbus. He said Saturday that he was going to watch the game but that it would be slaughter up those Lions in no time. Seems to us that the game should take some of that "We are the best on the earth stuff" out of Connersville. Anyway, Side Lights said today over the telephone that he was becoming somewhat scared of Rushville after Saturday night's performance.

And Markin' 'em up also saw what we saw in the Columbus papers:

From the looks of those Columbus papers, all that they contained Monday and Sunday were alibis for the defeat of the Bull Dogs at Rushville, sold gym to the team being tired and not playing basketball."

If the weather wasn't so bad tonight, Hittin' 'em would be in favor of sending Susie's band up to Spiceland to help the Trojans

## INDIANA TO MEET GOPHERS SATURDAY

I. U. Basket Team Forgets Defeat Of Last Week And Expects To Trim Wisconsin Five

CAME AT MINNEAPOLIS

Bloomington, Ind., Jan. 11—After having suffered a defeat in its first Big Ten Conference game of the season here last Saturday night, the Indiana university basketball team is making strenuous preparations for its game with Minnesota next Saturday at Minneapolis. The Hoosiers hope to forget Wisconsin's 23 to 21 victory by coming back and downing the Gophers.

Despite the fact that the contest resulted in defeat, Indiana fans are pleased with the showing their team made against the Badgers. The Crimson five played raggedly at times, but its true offensive strength was shown late in the last half when the Hoosiers overcame a ten point lead and came within two foul goals of tying the score. The game, which was Indiana's first real test of the season, gave Coach Leslie Mann an excellent idea of the ability of his men under fire. He will spend most of his remaining practice sessions before the Minnesota game in eradicating the rough spots which were noticeable in the Wisconsin struggle.

Probably he will stress basket-shooting, since inability to score on apparently easy chances cost Indiana several points during the contest. Mike Nyikos, all-Conference forward, was the only man to connect with the ring consistently.

The Wisconsin game was Indiana's fifth of the season. In preliminary games Indiana defeated Indiana State Normal, Rose Polytechnic, and Drake, but lost to Creighton at Omaha.

win from 'em. Anyway, Markin' 'em up, we'll hold our thumbs high into the air for you, and our wish is to hear of a good sized victory for Newcastle.

Rushville, Ind.  
Jan. 10, 1924

Dear Hittin' 'em:

I wish you would please inform "Shootin' 'em and Stoppin' 'em" of the Indianapolis News, that he's living. He evidently doesn't know it. In Wednesday's News he informs us that he is going to the Anderson-Evansville game Saturday night, and one column to the right, is a notice of the cancellation of the game.

Yours, B. D.

Newspaper writers are all human being, B. D., and it is a terrible hard thing to keep the straight track of 745 teams. No doubt, by this time, Shootin' 'em has cancelled his reservation for Evansville and will stay home and see Wiley play Cathedral, or follow Tech over to Newcastle.

Rushville, Ind.

Dear "Hittin' 'em"

Here is my all county team, can you get one better? Forwards—Snoddy (Rushville), Hilligoss (Rushville), Osborn (Webb), Centers—Walker (Rushville) Craig (Raleigh), Guards—McNamara (Rushville), Comella (Rushville), McCorkle (Milroy), Hon. Mention—Newbold (Rushville), Gosnell (Moscow), Warth (Rushville.)

Here is my big five in the county.  
1—Rushville  
2—Raleigh  
3—Moscow  
4—Webb  
5—Manilla

Yours till a later date,

FANTAIL

## HASH MAKES OBJECTION

Dear Hittin' 'em—  
We predict "The Big Six" picked by "A Webb Fan" is all mixed up. How come that Moscow is the fifth team when Raleigh and Webb have both fell before them? Here's our "Big Six"—Rushville, Moscow, Raleigh, Webb, Manilla and Milroy. The game tonight at Raleigh may change the standing of Raleigh and Moscow.

Yours, "Hash and Hash Po"

## HOPPE WINS FIRST BLOCK

Boston, Mass., Jan. 11—Willie Hoppe, world's 18.2 ballgame billiard champion, won the first block on his challenge match with Walker Cochran here last night by a score of 500 to 376.

5 Ring Champs to Pass in '24

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, Jan. 11—Several young men who were sitting high and handsome this time last year as ring champions are now members in good standing of that widely represented "Once Was" club.

Several of the young men who are now out in front have been proposed for membership in the "Has Beens" and they'll be eligible for admission before another year rolls around.

If for no other reason than there is a potent law of average that does tricks, five and maybe more champions will pass out in 1924.

This is only a guess, and it's not worth more than any guess.

Five world's champions slipped away in 1923 and the same number are dangerously near the slide this year, because they seem to lack the class to hold them up against stiff competition.

Jack Dempsey, Benny Leonard and Mickey Walker will not lose their titles this year.

Dempsey and Leonard are too good to be in danger from any opponent they have to meet, and

## WILL PLAY AWAY FROM HOME

Romeos To Meet Lewisville And Kelts The S. & S. O. Home

Two Rushville teams will be in action in out-of-town games Saturday night, when the Romeos will journey up to Lewisville to meet the Wampus Cats of that place, and the Kelts will go up to the northern part of Rush county to do battle with the I. S. & S. Orphan's Home team, at the Home near Knights-town.

Each Rushville team has had a good record for the season, and they will have their best line-ups in the two games away from home.

## FIGHTS AND FIGHTERS

Peoria, Ill.—Patsy Rocco, East Chicago middleweight, has been matched with Alex Trambitas, California scrapper, for the main bout of a show here tonight.

Columbus.—Rain caused postponement until tonight of the 12 round bout between Eddie O'Dowd, Columbus and Harry Gordon, New York bantam.

Miami, Fla.—Young Stribling, Georgia light-heavyweight, knocked out Mike Nestor, New York in the fifth round.

New York.—Jack Zevie, Pittsburg lightweight, won a 12 round decision from Pete August, Bridgeport.

Macon, Ga.—Young Stribling was barred today from Lanier high school. The board of directors upheld the action of the school superintendent in suspending Stribling for the remainder of the term "because of too many absences." C. H. Bruce, superintendent of the board, stated Stribling could re-enter school at the beginning of the next term but if absent three days in succession without an excuse he would be dropped again.

Columbus, O.—Jack Wolfe, Columbus, and Young Montreal, Providence R. I. bantamweights, have been matched to fight here next Monday night.

## SPORT CHATTER

Chicago.—Johnny Weissmuller, tank wizard, will make an attempt to set a new mark for the 150 yard back stroke, in a 75 foot pool here Friday night. Warren Kealoha of Honolulu is credited with having beaten Johnny's record.

Chicago.—Pat McGill, Nebraska grappler, will meet Reginald Siki in a wrestling show here Tuesday night.

## ARLINGTON LOSES TO FAIRVIEW FIVE

Athletic Club's Hardwood Quintet Is Swamped in Last Half, Being Held To Six Points

VISITORS AT THEIR BEST

The Arlington Athletic club suffered another defeat Thursday night on their home floor, and won out, 34 to 18.

The Arlington team held their own in the first half, and the score then was 14 to 12, in favor of Fairview. In the last half, the visiting team got off to a fast start and the Arlington players did not have a chance. The playing of the Fairview team was the best seen on the Arlington court this year.

In a curtain raiser the Fairview second team defeated the Arlington Juniors in a fast and exciting contest, and the final score was 24 to 23.

The Arlington team will next tackle the fast Sandusky quintet at Arlington on next Thursday night.

## S.S.S. keeps away Pimples

THERE are thousands of women who wonder why their complexions do not improve in spite of all the face treatments they use. They should not continue to wonder. Eruptions come from blood impurities and a lack of rich blood-cells. S.S.S. is acknowledged to be one of the most powerful, rapid and effective blood cleansers known. S.S.S. builds new blood-cells. This is why S.S.S. routs out of your system the impurities which cause boils, pimples, blackheads, acne, blotches, eczema, tetter, rash. S.S.S. is a remarkable flesh-builder. That's why underweight people can quickly build up their lost flesh, get back their normal weight, pink, plump cheeks, bright eyes, and "pep."

## BRIDGE COLLAPSE, UNHURT

Warsaw, Ind., Jan. 11.—C. C. Dukes Warsaw undertaker, escaped with slight injuries last night, when a ninety foot iron bridge over the Elkhart river, collapsed and fell into shallow water of the river, twenty feet below.

The accident occurred three miles south of Goshen on the Dixie highway. Dukes, who was driving a closed car, was rescued by other motorists.

Hubert Mosier Removed to Infirmary  
Found on Stairway Steps

Hubert Mosier was found this morning in an unconscious condition, and believed to be paralyzed, on the steps at the stairway leading into the rooms in the Commercial block. He had spent the night there, and was suffering from exposure, according to Sheriff Hunt, who was notified, and investigated. The officer removed the man to the county infirmary, where medical attention was being given him today in an effort to save his life.

Dr. E. L. Wooden, county physician was unable to ascertain the extent of the condition of the man.

## MERCURY WILL NOT REACH ZERO WEATHER

Declines To 25 Degrees Above  
Thursday Night And Not Much  
Colder Weather Is in Prospect

SEVERE COLD WAVE A MYTH

The coldest reached Thursday night by the mercury, according to Elwood Kirkwood, of Manzy, was 25 degrees above, and the extreme cold wave that was predicted failed to arrive.

The rain turned into snow during the night, when it became colder, and prospects tonight were for continued snow flurries, according to the weather report, and Saturday would probably be fair.

Indianapolis, Ind., Jan. 11.—Reports of a record breaking cold wave with the mercury dropping to 25 below zero are the bunk, J. H. Arrington of the weather bureau, declared emphatically today.

The bureau was swamped with calls today from citizens who wanted to verify a rumor that the coldest wave in half a century would hit Indiana today.

Arrington said the minimum temperature tonight would be about 20 degrees above zero.

## INNOCENCE ABROAD

## White Crow Captured Near New Salem Is Placed in Zoo

The white crow that was captured by Chester Williams of New Salem the latter part of December has been sent to the Cincinnati Zoological Gardens and will be placed on exhibition there. A copy of an article appearing in the Daily Republican December 26 was also sent to the Zoo for the information of the officials. Mr. Williams received \$4 for it.

It is expected that the Zoo will issue some sort of a pamphlet on the rare specimen and one of them will be filed in the New Salem school to show that the bird was caught near New Salem.

The white crow was first seen by a number of men, with a flock of crows, about three weeks before it was brought down by Mr. Williams, when he shot it on the wing. A woman has been found who asserts that she saw it the early part of last summer.

The bird has a steel gray breast and white tail and wing feathers. Under the folds of its wings, the crow is light tan, and the sun's rays made it look golden in color when it flew.

## BACK TO A COLDER CLIMATE

Franklin Girl And Newcastle Man  
Returned From Florida

Franklin, Ind., Jan. 11.—Loren Sweigart of Newcastle and Marjory Lane of Franklin, to whom Sweigart is alleged to have illegally married, and then ran away with her, returned here from Florida today.

A crowd met the couple at the station. The couple were laughing and apparently un-concerned. Miss Lane went to the home of her father and Sweigart was placed in jail on a charge of vehicle taking.

Sweigart is said to have deserted his wife and child in Indianapolis before the escape with Miss Lane.

The couple went to Florida in an automobile belonging to the girl's father. They were brought back by a deputy sheriff of Johnson county and a state policeman.

## DISPUTES CLAIM MADE IN LAW SUIT

George Bell, President of County  
Board of Commissioners, Discusses  
Carthage Bridge Case

CITES RECORD OF AUGUST 6

Shows Orders Called For County  
Surveyor To Draw Plans, Which  
Was Never Done

George Bell, president of the Rush county board of commissioners, declared today that he desired to take issue with the American Paper Products company of Carthage, regarding a statement made in the complaint filed against the commissioners, Thursday afternoon, to the effect that the "commissioners told them (the company) to construct the bridge and file their bill."

"We don't do business that way," commented Mr. Bell today, "and we have the records to prove that we don't."

The Carthage concern filed suit for \$2,000 on account, after the commissioners, at their monthly session last Monday, disallowed a claim of \$1,850.15 because the paper products company, in building the bridge over a mill race, near Carthage, failed to follow plans and specifications drawn up by the county engineer, as the commissioners instructed them to do.

The record at the county auditor's office was cited to support the contention of the commissioners that the Carthage company was wrong.

The board issued an order Monday, August 6, 1923, which, after setting forth the need of a bridge, as represented by the Carthage Paper Products company, said:

"The board now orders the county surveyor to prepare plans and specifications of a new bridge in conference with the American Paper Products company, and said American Paper Products company are hereby ordered to proceed to erect of new bridge across said race at said point in compliance with agreement heretofore entered into between said board and the predecessor of said company in accordance with plans and specifications mutually agreed upon."

The county surveyor never was consulted for plans and specifications and never knew that the bridge was being built until it was completed, it was stated at the county auditor's office today.

## Trap Being Used to Rid The Court House of Pigeons

The county board of commissioners is out to rid the court house of pigeons, the arch enemy of the county taxpayer, which has caused thousands of dollars loss in the past few years.

For many years the pigeons have made the court house tower and the eaves around the lower roof, a nesting place. They multiply so rapidly that they have become a nuisance, and a recent investigation disclosed that they were partly responsible for leaks in the roof, which caused great damage to interior decorations on the third floor, an improvement that was made a few years ago at great cost.

The device that the commissioners are using is a pigeon trap. The trap to date has yielded about 25 pigeons. Seven were captured this morning.

When the trap was first placed in the roof of the court house, George Bell, president of the county board of commissioners, told a Republican reporter to keep the secret "until we see if it works."

There's no doubt but that it's working. The strange thing is that the pigeons haven't "caught on" yet, but go right on getting caught.

## LITTLE BUSINESS IN COURT

Claim For \$432 Against Estate Settled by Agreement

Little business was being transacted in the circuit court today, as no case was set for trial. A few matters will come up for a hearing Saturday, and the jury has been ordered to report on Monday for a civil suit.

Judge Sparks has not rendered any decision in the injunction suit of Capitola G. Dill against the city of Rushville in which a suit was filed to prevent the city from paving Morgan street.

## DECLINE TO SAY WHAT THE GOVERNOR WILL DO

Attorneys For McCray Refuse to  
Comment on His Probable Action  
When Arraigned Saturday

FOUR COURSES OPEN TO THEM

Indianapolis, Ind., Jan. 11.—Attorneys for Governor McCray today declined to say what action they will take when the governor arraigned in criminal court tomorrow on charges of embezzlement, larceny, issuing fraudulent checks and other offenses.

John Ruckleshaus, one of the governor's attorneys, said a meeting of the council would be held this afternoon for further discussions of steps to be taken. Fifteen indictments are pending against the governor.

It is possible the attorneys will ask that the indictment be quashed that they will ask for a change of venue or a change of judge or they may merely enter a plea of not guilty for their client and prepare to proceed to trial.

The governor will be represented by James W. Noel, Martin Hagg and the firm of Ryan, Ruckleshaus and Ryan.

The state will be represented by Clarence W. Nichols and Eph Imman Nichols as special prosecutor conducted the grand jury investigation, which led to the indictment of McCray.

## FIRST TEST IS A COOLIDGE VICTORY

Interpretation Put Today On Action  
of House Republican Caucus in  
Shunting Bonus

TAX CUT GIVEN RIGHT OF WAY

Ways And Means Committee is In-  
structed To Bring In Report On  
Mellon Plan First

BY FRAZER EDWARDS  
(U. P. Staff Correspondent)

Washington, Jan. 11.—President Coolidge's first test with congress on a matter of policy resulted in a complete victory for him.

This was the interpretation put today on the action of the house Republican caucus which last night by an almost unanimous vote, gave tax reduction the right of way over the soldier bonus.

The caucus ordered the ways and means committee to report the Mellon tax reduction program to the house by February 1 and after that to take up the bonus bill.

Efforts of bonus advocates to win a more definite assurance when the measure would be reported were rebuffed by the administration forces in the caucus. The nearest bonus advocates came to victory on anything was when the caucus, by a bare three votes, 97 to 94, refused to put house Republicans on record as promising both bonus and tax legislation at this session.

There is now less assurance among bonus supporters that the soldier bonus measure can be passed over the president's veto. A week ago it seemed certain the bonus would sweep all before it and might even displace temporarily the tax program. But administration leaders from President Coolidge down, urged so strongly and the pressure from "back home" is so tremendous for tax reduction, that there was never any question at last night's caucus, but that President Coolidge's demand that taxes come first would be satisfied.

## STOLEN FORD COUPE FOUND IN SHELBYVILLE

Automobile Belonging To A. L. Ste-  
wart Taken From In Front Of  
Daily Republican Building

OWNER GOES AFTER IT TODAY

Ford coupe belonging to A. L. Stewart, 131 North Main street, was stolen Thursday night from in front of the Daily Republican office in Perkins street, and was recovered this afternoon by the police at Shelbyville, where it had been driven, and abandoned.

The machine was purchased last April by Mr. Stewart and was in first class condition. Mr. Stewart left this afternoon for Shelbyville, and it was not known whether the car was damaged any, or not. The car was left after supper last night, and when Mr. Stewart returned for it at 11:30 last night, it was not in the parking place where he had left it.

Surrounding cities were notified to watch for the car, and the police officers at Shelbyville discovered it this afternoon, when they noticed the strange car being parked for such a long time, and they identified the car by the certificate of title.

NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be a superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, J. N. Johnson, 609 W. Lake St., Chicago, Ill., is offering to send a lamp on 10 days FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

Sometime you intend to buy a Tractor, why put it off until another year, when efficiency of labor and economical production are the two hardest problems the farmer has to face. A Fordson will greatly assist in both by doing away with the hired help and reducing the number of horses required, and speeding up the work.

## The Weather

Nothing is more cursed and discussed than the weather.

It requires a sudden change in temperature, like the recent cold wave that swept over the entire country, to call attention anew to its importance in the daily life of every individual.

To quote from the poet—  
"For whether it blow or whether it snow,  
We must have weather, whether or no."

It's a time honored jest that when all other subjects of conversation fail, we may turn to the weather. Whether hot or cold, it assumes first place in more conversations than any other one subject.

We may be interested in our everyday tasks, the latest movie, tax reduction, politics or whatnot, but let an overnight change in the weather come, we rush to the thermometer to see what the mercury shows.

extremes of hot or cold is the thing that really counts, but the human being is only vaguely aware of that fact, because he believes that his comfort depends largely upon what the thermometer shows.

This age-old superstition is no more the evidence of the frailty of human nature than the one that the seasons are changing.

How often have we heard that? Some unknown scientist, evidently looking for publicity, averred that by reason of the Japanese earthquake, the earth's position with relation to the sun had been changed so that the United States was 500 miles nearer the sun.

His theory held out until a kind providence in the form of a cold wave pushed it into an untimely grave.

Every few years the fishing worms take a winter outing above the ground and the fruit trees obligingly bloom for Christmas, but consult the weather records any place and it will be found that temperatures average up about the same, in cycles of years. The weather is not such a fickle old fool as most of us imagine.

## Tax Exemption Farce

Will Congress adopt Secretary Mellon's program for tax reduction which includes a reduction in income tax and the doing away with future issues of tax-exempt bonds?

The President and the people are in favor of tax reduction. The politicians, through their blarney and parties in Congress, are pulling and hauling to try to gain personal prestige through delays and log rolling in the tax reduction program.

A constitutional amendment to do away with tax-exempt securities passed the House of Representatives last winter but died at expiration of Congress. It is now necessary to pass it again. This takes valuable time and shows waste and expense resulting where public officials play politics instead of expediting the business of the nation.

At the present time it is estimated that the income from approximately \$30,000,000,000 in capital invested in government tax-exempt securities escapes all forms of taxation. The fact that cities, counties, states and nation can issue tax-exempt bonds drawing a low rate of interest has caused a reckless increase in public debt and has furnished the loophole for billions of dollars to escape taxation.

After an amendment to the United States constitution is passed permitting the taxation of income from future issues of public bonds, it will be necessary for legislatures of the various states to ratify the measure. For this reason, quick action in Congress is essential in order that state legislatures which are in session or which will be in session in the near future may be able to act on the measure and put an end to the present obsolete system which is an invitation for the reckless piling up of debt on one hand and lawful tax dodging on the other hand.

It would seem as if Republicans, Democrats and Progressives would be on common ground when it comes to a measure of this kind which would assure in the future that every person would pay his share of income tax. Is it not possible for Congress to cut out politics and get down to business on this measure?

LIBERTY COMES FOR  
BATTLE HERE TONIGHT

## HITTING 'EM AND MISSING 'EM

Liberty tonight. Regardless of what Shootin' 'em says in the News that we're too late to knock 'em cold, let's show the weather man, that the Lions can fight in any kind of weather.

The Liberty seconds will also "holler" out with the Rushville seconds in the curtain raiser tonight.

### FREE PUBLICITY

The Saturday Evening Post, out today, is selling rapidly in Rushville. The local high school basketball team has a prominent part, and the captain's picture is printed in the center of the page. Its there, look on page 9.

Milroy and Carthage will renew their rivalry tonight. Carthage won from them on Milroy's floor by one point, but you can't always tell what's going to happen these days, and especially now that Milroy has their regular line-up for the rest of the season.

Anderson plays the Ikimik at Connersville tonight. The Connersville team wants to make it a homecoming celebration for George Williams, who used to play with 'em, and who is still a star on Coach Stagg's team. We're pickin' Connersville to get knocked off 41 to 25.

A good place to go Saturday night will be to turn out and root for Webb. They play Fountain City here, and from all indications, the Wayne county team has a good line-up, but we believe that Osborne, et al., will turn the trick for the Rushville team.

### EVERYTHING ELSE BUT

Connersville says there are three games they want to win, Rushville, Richmond and Rushville again. There are two of 'em we sorta feel they won't, and on the third with Richmond, we also believe that they will be disappointed.

We haven't heard from Raleigh for such a long time, that we begin to believe that they have something up their sleeve. Three weeks without a game, will tell what they can do with Moscow tonight.

We sure are busy working on the county stable, making room for all twelve teams when they get together here February 1 and 2.

### MORE COMPANY TOO!

"Then the Hoop" of Shelbyville has published the record of the Moscow team, and adds a comment: "With a record like that Moscow is gettin' in a class with Hittin' 'em-Raisin' Lions." By the time that Franklin gets through with Shelbyville tonight, perhaps the Canals will fall in the same company with the Lions and the Cows.

In our comment the other night, wondering how an Ikimik will taste, Markin' 'em up at Newcastle enlightens us with this:

We can't tell you just yet, Rushville, but after January 19 we can tell you just how delicious the Ikimik meat is. From all appearances the meat should be nice and tender, for in fact meat bird meat is unless the bird is quite old.

Leave enough of 'em for the Lions to have a taste, Newcastle. A big juicy drum stick will do.

### WORD FROM RICHMOND

The following from Hoosier Courier's column in the Richmond Palladium, shows that one Richmond fan looks upon the Lions as fast company. Here is what he says:

Friend Hoosier: Here's the best Big Ten from my point of view. At present time I put Bedford first because they are playing a very hard schedule. 1 Bedford; 2 Frankfort; 3 Anderson; 4 Shelbyville; 5 Muncie; 6 Martinsville; 7 Richmond; 8 Vin-

comes; 9, Franklin; 10 Crawfordsville. Why not give Rushville a little credit in your column. I hardly ever see their name mentioned, while they are playing first-class basketball. You know, they beat Columbus 18 points Saturday night, while Shelbyville only beat Columbus one point Friday night. Rushville gives Monitor plenty of credit, so why not hand it to them a little bit? See you later.

C. R. D. (Richmond). Hoosiers answers— "We tend to shift about on our comment from time to time. Variety is the spice of life, you know. We did carry considerable on Rushville several games ago, but our attention was called to the stellar performances of other schools. No doubt we will have plenty to talk about after Richmond plays Rushville Feb. 15. The game is on Rushville's small floor. Expect what you will. Call again, C. R. D."

### WHOEVER PETE IS, HE HAS THE RIGHT DOPE

Says the Frankfort Times: Upsets of last week's basketball were, the defeats of Crawfordsville by Bainbridge and Columbus by Rushville. Rushville handed Columbus a 33 to 22 setback on Saturday night and on the same night Bainbridge handed Crawfordsville a 27 to 23 defeat. Proving Pete Good's assertion that "the bigger they are, the harder they fall."

### LOOK OUT EVERYBODY

George, down at Vincennes, in heavy bold face type, hollers out this:

Rushville is sure proud of its defeat of Columbus and its columnists are bubbling over just like Rushville never won another game before.

And Hittin' 'em only adds that if Vincennes beats Bedford tonight, all of the coal mines in that section of the state will blow up, to help George tell the wide world about the victory.

### WHO ASKED FOR A YELL?

Hee Ha Rush—ville  
Wee Small Rush—ville  
Come on let's get their goat  
Be Strong—Connersville  
Go On—Connersville  
And let them smell your smoke.  
I. B. H.—Side Lights, Connersville

### ODE TO AN IKMIK

See-saw, C—ville  
Heap much, R—ville  
Bite 'em on the leg,  
Punch 'em on the back,  
Lions can't be beat!  
Catch 'em on the wings  
Pull their feathers out,  
Gosh, what an Ikimik,  
Seen without a hop.

"Markin' 'em up at Newcastle also noticed a comment in Side Lights last Saturday, and came out with this:

We wonder what this guy at Connersville thinks of those Graham Crackers now after winning from Columbus. He said Saturday that he was going to watch the game but that it would be slaughter for the Ball Dogs would gobble up those Lions in no time. Seems to us that the game should take some of that "We are the best on the earth stuff" out of Connersville. Anyway, Side-Lights said today over the telephone that he was becoming somewhat scared of Rushville after Saturday night's performance.

And Markin' 'em up also saw what we saw in the Columbus papers:

From the looks of those Columbus papers, all that they contained Monday and Sunday were allis for the defeat of the Ball Dogs at Rushville, cold gym to the team being tired and not playing basketball."

If the weather wasn't so bad tonight, Hittin' 'em would be in favor of sending Susie's hand up to Spiecland to help the Trojans

## INDIANA TO MEET GOPHERS SATURDAY

I. U. Basket Team Forgets Defeat  
Of Last Week And Expects To  
Trim Wisconsin Five

### GAME AT MINNEAPOLIS

Bloomington, Ind., Jan. 11—After having suffered a defeat in its first Big Ten Conference game of the season here last Saturday night, the Indiana university basketball team is making strenuous preparations for its game with Minnesota next Saturday at Minneapolis. The Hoosiers hope to forget Wisconsin's 23 to 21 victory by coming back and downing the Gophers.

Despite the fact that the contest resulted in defeat, Indiana fans are pleased with the showing their team made against the Badgers. The Crimson five played ruggedly at times, but its true offensive strength was shown late in the last half when the Hoosiers overcame a ten point lead and came within two foul goals of tying the score. The game, which was Indiana's first real test of the season, gave Coach Leslie Mann an excellent idea of the ability of his men under fire. He will spend most of his remaining practice sessions before the Minnesota game in eradicating the rough spots which were noticeable in the Wisconsin struggle. Probably he will stress basketshooting, since inability to score on apparently easy chances cost Indiana several points during the contest. Mike Nyikos, all-Conference forward, was the only one to connect with the ring consistently.

The Wisconsin game was Indiana's fifth of the season. In preliminary games Indiana defeated Indiana State Normal, Rose Polytechnic, and Drake, but lost to Creighton at Omaha.

win from 'em. Anyway, Markin' 'em up, we'll hold our thumbs high into the air for you, and our wish is to hear of a good sized victory for Newcastle.

Rushville, Ind.

Jan. 10, 1924

Dear Hittin' 'em:  
I wish you would please inform "Shootin' 'em and Stoppin' 'em" of the Indianapolis News, that he's lying. He evidently doesn't know it. In Wednesday's News he informs us that he is going to the Anderson-Evansville game Saturday night, and one column to the right, is a notice of the cancellation of the game.

Yours, B. D.

Newspaper writers are all human beings, B. D., and it is a terrible hard thing to keep the straight track of 745 teams. No doubt, by this time, Shootin' 'em has remodelled his reservation for Evansville and will stay home and see Wiley play Cathedral, or follow Tech over to Newcastle.

Rushville, Ind.

Dear "Hittin' 'em"  
Here is my all county team, can you get one better? Here is my big five in the county.  
1—Rushville  
2—Rushville

5—Manilla

### HASH MAKES OBJECTION

Dear Hittin' 'em—  
We predict "The Big Six" picked by "A Webb Fan" is all mixed up. How came that Moscow is the fifth team when Raleigh and Webb have both fell before them? Here's our "Big Six"—Rushville, Moscow, Raleigh, Webb, Manilla and Milroy. The game tonight at Raleigh may change the standing of Raleigh and Moscow.

Yours, "Hash and Hash Po"

### 5 Ring Champs to Pass in '24

By HENRY L. FARRELL  
(United Press Sports Editor)  
New York, Jan. 11—Several young men who were sitting high and handsome this time last year as ring champions are now members in good standing of that widely represented "Once Was" club.

Several of the young men who are now out in front have been proposed for membership in the "Has Beens" and they'll be eligible for admission before another year rolls around. If for no other reason than there is a potent law of average that does tricks, five and maybe more champions will pass out in 1924.

This is only a guess, and it's not worth more than any guess.

Five world's champions slipped away in 1923 and the same number are dangerously near the slide this year, because they seem to lack the class to hold them up against stiff competition.

Jack Dempsey, Benny Leonard and Mickey Walker will not lose their titles this year.

Dempsey and Leonard are too good to be in danger from any opponent they have to meet, and

Walker is safe because he will not take a chance.

Mike McGuire is sure to lose the light-heavyweight championship the first time he meets a good contender.

Harry Greb is slipping and he will have more trouble making the middleweight limit as he grows older.

Johnny Dundee will lose the featherweight championship because he has gone back greatly and age is beginning to show on him.

Joe Lynch, the worst of all the title holders, will lose the bantamweight championship, if he can be forced to meet a good contender.

Pancho Villa will drop the flyweight championship because he is getting too heavy for the class and he is none too safe as he is now.

Dempsey will not defend his title more than two times because the purses that he would receive in three big fights would put him in a class in the income tax law where he would have to turn over to the government practically all of the purse of his third fight.

It was this little tax difficulty that forced Dempsey to call off the year's activity last year after the Firpo fight.

## WILL PLAY AWAY FROM HOME

Romeos To Meet Lewisville And  
Kelts The S. & S. O. Home

Two Rushville teams will be in action in out-of-town games Saturday night, when the Romeos will journey up to Lewisville to meet the Vampus Cats of that place, and the Kelts will go up to the northern part of Rush county to do battle with the I. S. & S. Orphan's Home team, at the Home near Knights-town.

Each Rushville team has had a good record for the season, and they will have their best line-ups in the two games away from home.

## SPORT CHATTER

Chicago.—Johnny Weissmuller, tank wizard, will make an attempt to set a new mark for the 150 yard back stroke, in a 75 foot pool here Friday night. Warren Kealoha of Honolulu is credited with having beaten Johnny's record.

### VISITORS AT THEIR BEST

The Arlington Athletic club suffered another defeat Thursday night on their home floor, and won out, 34 to 18.

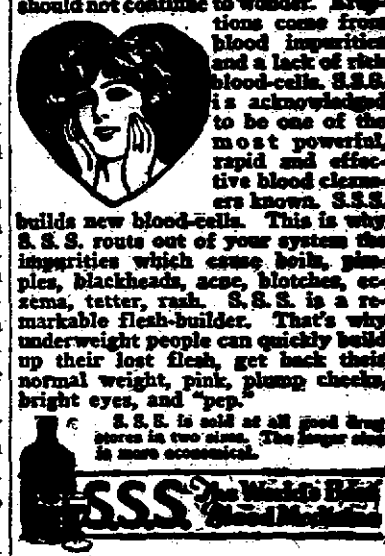

The Arlington team held their own in the first half, and the score then was 14 to 12, in favor of Fairview. In the last half, the visiting team got off to a fast start and the Arlington players did not have a chance. The playing of the Fairview team was the best seen on the Arlington court this year.

In a curtain raiser the Fairview second team defeated the Arlington Juniors in a fast and exciting contest, and the final score was 24 to 23.

The Arlington team will next tackle the fast Sandusky quintet at Arlington on next Thursday night.
